

System Requirements

netfabb Professional 5.0 and above and add-ons

Operating Systems

- Win XP, Win 7 32-bit, Win 7 64-bit, Win 8
- MacOS
- Linux 32-bit, Linux 64-bit

CPU & RAM

- For a fluent workflow 2 GB RAM and a 2 GHz Prozessor are recommended.
- Generally: The bigger and the more complex the 3D file is, the more RAM is required.
- For the Automatic Packing add-on at least 4 GB RAM are required (the higher the better).

Video

- Improved display with a graphic card that's compatible with OpenGL 3.X

Connection

- USB 2.0 Port (for the Dongle)
